Myth busting u3a

A new online advent calendar for members busts myths about the Third Age Trust

u3a keeps connected this festive season

A new advent calendar created by member and trustee, Derek, seeks to mythbust some of the misconceptions about the Third Age Trust for members.

A new door opens each day to a picture and a fact about the Third Age Trust, the organisation that oversees the more than 1,000 u3as across the UK.

This is just one of several initiatives to keep the movement connected over the festive period.

Members will also be receiving extra newsletters to connect the community throughout the season. [Sign directly up to the newsletter](#) and encourage other u3a members to do the same.
