Booking is open for our first ever Winter School and spaces are going fast

Bookings are going fast for our first ever Winter School.

Following on from the success of our online National Summer School earlier this year, Winter School is a digital programme of courses to support members' learning in the winter months.

These courses are proving to be very popular so book now on [the online events page](#).

There are nine available courses, from Law to Records, of which there are still some places available. These courses are run in smaller groups to enable an interactive experience.

Attendees will be able to meet other u3a members from across the movement, learning together.

It is a wonderful opportunity for peer-to-peer learning throughout the winter months.

There are more opportunities on our [events page](#).

Winter School is for members: if you're not yet a u3a member, [join us](#).
